**PLEASE SEE OVERLEAF FOR WARRANTY CONDITIONS. WARRANTY IS INCLUSIVE OF FULL PARTS AND LABOUR**

The warranty service shall be performed by the service dealer nominated by Hino Distributors (NZ) Ltd. To obtain warranty service, the owner must present the vehicle, together with service booklet to the nominated service dealer. To qualify for the Hino Warranty the vehicle must have the 5,000km service inspection carried out between 4,500km and 5,500km. The 5,000km service is performed free of charge for labour. Expendable items used are chargeable to the owner.

**Failure to have the 5,000km service carried out between 4,500km and 5,500km will invalidate this warranty.**

**This certificate neither permits or authorises any party other than Hino Distributors (NZ) Ltd to assume responsibility in connection with this express warranty.**

# Warranty Conditions

Should warranty service be requested by the retail purchaser of any Hino vehicle, within the stipulated warranty period, the following conditions must be complied with;

1. The vehicle must be presented to the authorised service dealer premises for the necessary service to be carried out in a clean and presentable condition.
2. Salvage operations, service vehicle mileage, accommodation, vehicle rentals, penalty labour rates and loss of earning due to down-time, are not covered by warranty, and any expenses incurred to the above conditions will be to the customers account.
3. Hino Distributors (NZ) Ltd, or the authorised service dealer, has sole discretion regarding the validity of a warranty service request.
4. The validity of Hino Warranty depends upon the satisfactory execution of the free service. It is strongly recommended that consequent periodic maintenance checks are carried out by the authorised service dealer, to safeguard the conditions of warranty.
5. Factors which will invalidate warranty: Lack of 5,000km service inspection, negligence, misuse, ignorance, accident, oversight in maintenance service, unauthorised modification, over-loading, engine over speeding, normal wear and tear, use of non-genuine parts, repairs carried out by unauthorised service personnel.
6. Consumable items expressly excluded from warranty include: light bulbs, sealed beam units, rubber goods, nipples, fuses, fan belts, air cleaning elements, oil filter and fuel filter elements, service and parking brake linings, clutch facings, oil, grease, coolant and fuel.
7. Batteries: Warranty period for batteries is (12) twelve months from date into service.  
**Important Note:** Some ancillary fitted equipment may require heavier duty electrical support components.
8. Radios: Warranty period for (original equipment) radios is (6) six months from date into service.
9. Fuel injection equipment must have regular adjustments to manufacturers specifications at the stipulated mileage periods. Failure to carry out these periodic adjustments will void any consequent warranty claims pertaining to fuel injection equipment.
- 10a. All components and accessory items added to the basic cab and chassis after assembly by Hino or HDL has been completed are specifically excluded from this warranty and should be referred to the respective manufactures agent or supplier.
- 10b. This warranty does not apply to a failure of any original components as a consequence of ancillary fitted equipment that may require heavier duty support equipment.
11. Specific items that are a normal servicing requirement, and thus not covered by this warranty, after the free service has been completed:
  - a: Inspection and adjustment of wheel alignment.
  - b. Inspection and tune-up of engine.
  - c. Inspection and adjustment of brake systems.
  - d. Inspection and cleaning of fuel systems.
  - e. Inspection and adjustment of clutch.
  - f. All other adjustments usually required for the operation of the vehicle.
  - g. Cleaning and adjusting of injection nozzles.
  - h. Cleaning of fuel, oil and air elements.
  - i: Other items of periodical services specified by Hino's printed manuals.
  - j. Windshield, window and mirror glasses.
12. This certificate applies to all new Hino vehicles placed into service after 1 August 2012.
13. This warranty applies to the original purchaser only and is not transferrable to any subsequent owners.
